with these problem: 1)error while scanning file. please help me. 2)and when i use the same file to make the new music midi files(translate midi files) all i get is a simple midi file, no change in any file. i will provide you my source code for every file format if it is needed. ]]> 04 Jul 2016 07:31:00 -0400162596 Looking for a program that translates.midi files! I have found a program that translates MIDI files. I've found it in the Chilipro games site at: 14 Jun 2016 04:16:41 -0400162468Q: Remove duplicate characters from a string without using Array This is a C# Console App. I have a string for example: "abc12345" I would like to remove the duplicate characters from the string. so it becomes: "abc45" I have tried the following: string s1 = "abc12345"; string s2 = ""; for (int i = 0; i
